Effects of the eukaryotic initiation factor 6 gene on expression levels of inflammatory mediators in M2 macrophages during scar repair

YONG-QIANG BAI, JIAN-KE FENG, QING-FU ZHANG, HONG-ZHI WU, YA-RU DU and WEI WEI

Mol Med Rep 14: 819-824, 2016; DOI: 10.3892/mmr.2016.5294

Following the publication of this article, we regret to report that we have been unable to reproduce the results presented in the paper in our subsequent studies. At the present time, we have not been able to ascertain the reason behind this. Therefore, we would like to retract this article from publication. All the named authors agree to this retraction. We regret any inconvenience to the readers that this retraction will cause.
