Combined antitumor effects of P-5m octapeptide and 5-fluorouracil on a murine model of H22 hepatoma ascites

XIAO HAN, LIPING AN, DONGMEI YAN, HIROSHI MATSUURA, WEIGUANG DING, MENGCHUAN ZHANG, GUANGYU XU, YING SUN, GUANGXIN YUAN, MANLI WANG, NANXI ZHAO, JINGBO SUN, XUN ZHU and PEIGE DU

Exp Ther Med 16: 1586-1592, 2018; DOI: 10.3892/etm.2018.6422

Following the publication of this article, the authors have realized that three errors were allowed to enter into the text concerning the author names and affiliations: i) the name of the fourth author should have appeared as Hiroshi Matsuura, and not as 'Matsuura Hiroshi'; ii) the departmental name for the third author affiliation should have been written as the Department of Physiology, and not as the 'Department of Cardiovascular and Respiratory Medicine'; and iii), in the same affiliation, 'Shiga 5202192' should have appeared as 'Shiga 520-2192'.

Therefore, the authors' names and affiliations should have appeared in the paper as follows:

XIAO HAN¹, LIPING AN¹, DONGMEI YAN², HIROSHI MATSUURA³, WEIGUANG DING³, MENGCHUAN ZHANG¹, GUANGYU XU¹, YING SUN¹, GUANGXIN YUAN¹, MANLI WANG¹, NANXI ZHAO¹, JINGBO SUN¹, XUN ZHU² and PEIGE DU¹
