Chromatin immunoprecipitation-sequencing predicts p300 binding sites in the MCF7 human breast cancer cell line

XIEMEI WANG and SHAOLIN LI

Int J Mol Med 35: 973-978, 2015; DOI: 10.3892/ijmm.2015.2081

After the publication of the article, the authors noted that the name of the first author had been spelt incorrectly. The name of the first author should be correctly written as XIUMEI WANG and not as XIEMEI WANG. This had occurred due to a typing error on behalf of the authors upon submission.
