DOI: 10.3892/ijmm.2019.4079

Methanol extract of *Guettarda speciosa* Linn. inhibits the production of inflammatory mediators through the inactivation of Syk and JNK in macrophages

HIEN THI THU LE*, YOUNG-CHANG CHO* and SAYEON CHO

Int J Mol Med 41: 1783-1791, 2018; DOI: 10.3892/ijmm.2018.3377

After the acceptance of the article and during the pre-publication stages, the author listed second on the paper, Young-Chang Cho, moved to a new affiliation (College of Pharmacy, Chonnam National University, Gwangju 61186, Korea). Therefore, the published paper should also have included details of the new affiliation as a 'Present address'. The author and affiliation information should have been shown as follows:

HIEN THI THU LE¹*, YOUNG-CHANG CHO^{1,2*} and SAYEON CHO¹

¹Laboratory of Molecular Pharmacological Cell Biology, College of Pharmacy, Chung-Ang University, Seoul 06974, Republic of Korea

*Contributed equally

²*Present address:* College of Pharmacy, Chonnam National University, Gwangju 61186, Republic of Korea

The authors regret that this change was not made prior to the publication of their paper, and apologize for any inconvenience caused.
