Preliminary research on the effects and mechanisms of umbilical cord-derived mesenchymal stem cells in streptozotocin-induced diabetic retinopathy

KEN ZHAO, JIE LIU, GANG DONG, HUAN XIA, PINGAN WANG, XUAN XIAO and ZHEN CHEN

Int J Mol Med 46: 849-858, 2020; DOI: 10.3892/ijmm.2020.4623

Following the publication of this article, the authors have realized that grant number published in the 'Funding' section of their paper was written incorrectly: The grant number for the support the authors received from the Health Commission of Hubei Province Scientific Research Project should have been written as 'WJ2019F038' instead of 'WJ2009F038'.

The authors apologize to the funders of their research project, and to the readership of the Journal for any inconvenience caused.
