MicroRNA-488 inhibits proliferation, invasion and EMT in osteosarcoma cell lines by targeting aquaporin 3

JING QIU, YONGZHI ZHANG, HU CHEN and ZHI GUO

Int J Oncol 53: 1493-1504, 2018; DOI: 10.3892/ijo.2018.4483

Following the publication of this paper, it was drawn to the Editors' attention by a concerned reader that several of the panels showing cell invasion assay data in Fig. 3A were strikingly similar to data appearing in different form in other articles by different authors. Owing to the fact that the contentious data in the above article had already been published elsewhere, or were already under consideration for publication, prior to its submission to *International Journal of Oncology*, the Editor has decided that this paper should be retracted from the Journal. The authors were asked for an explanation to account for these concerns, but the Editorial Office did not receive a reply. The Editor apologizes to the readership for any inconvenience caused.
