Influence of lactoferrin in preventing preterm delivery: a pilot study

GIULIANAGIUNTA, LORENAGIUFRIDA, KATIAMANGANO,
PAOLO FAGONE and ANTONIO CIANCI

Mol Med Rep 5: 162-166, 2012; DOI: 10.3892/mmr.2011.584

After the publication of the article, the authors noted that they had made an error regarding certain data in their manuscript. The error relates to the use of *recombitant human lactoferrin (rhLf)*, as opposed to *bovine lactoferrin (bLf)*.

Throughout the article, *rhLf* should be replaced with *bLf*, and *recombitant human lactoferrin (rhLf)* with *bovine lactoferrin (bLf)*.
