We wish to retract our article entitled 'Clinical, pathological and genetic characteristics of autosomal dominant inherited dynamin 2 centronuclear myopathy' published in Molecular Medicine Reports 13: 4273-4278, 2016. The article was submitted by the first author, Xinhong Liu, without the prior knowledge of the corresponding author, Chuanzhu Yan, or the other authors included on the paper. Furthermore, the details of the paper were not discussed by the authors prior to the submission, and all are in agreement that the paper contains data therein (and interpretations thereof) which are either inaccurate or inappropriate. All the authors agree to this retraction, and we apologize for the inconvenience caused in this regard.
