Clinical and biological effects of tumor associated lymphocytes in the presence or absence of chemotherapy for malignant ascites in ovarian cancer patients

WEIWEI ZHANG, KEJUN LIU, BIN YE, GUOLIN HU, KELEI ZHAO, YAZHOU REN, and WEIJIANG LIANG

Oncol Lett 14: 3379-3386, 2017; DOI: 10.3892/ol.2017.6635

Subsequent to the publication of this article, the authors have reconsidered the first pair of featured affiliations. Since the first author, Weiwei Zhang, performed the majority of the work while at Southern Medical University, this ought to have been the first affiliation listed on the paper. Therefore, the authors propose that the affiliations for the first two addresses on the paper are switched around, and therefore the authors' affiliation information should be corrected as follows:

WEIWEI ZHANG^{1,2}, KEJUN LIU³, BIN YE², GUOLIN HU¹, KELEI ZHAO¹, YAZHOU REN⁴ and WEIJIANG LIANG¹

¹Department of Medical Oncology, Nanfang Hospital, Southern Medical University, Guangzhou 510515; ²Department of Medical Oncology, the Sixth People's Hospital of Chengdu, Chengdu 610051; ³Department of Medical Oncology, Dongguan People's Hospital, Dongguan 523059; ⁴Big Data Research Center, School of Computer Science and Engineering, University of Electronic Science and Technology of China, Chengdu 611731, P.R. China

The authors regret this error in the affiliations, and apologize for any inconvenience caused.
