Prognostic value of heterogeneous ribonucleoprotein A1 expression and inflammatory indicators for patients with surgically resected hepatocellular carcinoma: Perspectives from a high occurrence area of hepatocellular carcinoma in China

RUISHENG KE, LIZHI LV, JIAYAN LI, XIAOJIN ZHANG, FANG YANG, KUN ZHANG and YI JIANG

Oncol Lett 16: 3746-3756, 2018; DOI: 10.3892/ol.2018.9079

Subsequently to the publication of this article, the authors have noted that the first author's affiliation was published incorrectly. "The Fuzhou Clinical Medical College of Fujian Medical University" should have been listed as "The **Fuzong** Clinical Medical College of Fujian Medical University". Secondly, in the printed version of the article, the asterisk that should have been assigned to Ruisheng Ke, the first author's name, indicating that the first two authors contributed equally to this article had been omitted. Therefore, the correct author affiliations for this article should have been presented as follows:

RUISHENG KE^{1*}, LIZHI LV^{1,2*}, JIAYAN LI³, XIAOJIN ZHANG², FANG YANG², KUN ZHANG^{1,2} AND YI JIANG^{1,2}

¹Department of Hepatobiliary Surgery, The Fuzong Clinical Medical College of Fujian Medical University; ²Department of Hepatobiliary Surgery, Fuzhou General Hospital; ³Department of Surgery, Fuzhou Hospital of Traditional Chinese Medicine, Fuzhou, Fujian 350025, P.R. China

*Contributed equally

We apologize to the authors for these oversights on our part, and for the inconvenience caused.
