

Figure S1. Transfection efficiency of siR-IL22R1 and IL-22R1. The relative expression of IL-22R1 in cells transfected with (A) siR-NC, siR-IL22R1, (B) NC or IL22R1. *P<0.05. siR, small interfering RNA; IL22R1, interleukin 22 receptor 1; NC, negative control.
