

Figure S1. Transfection efficiency of OE-TJP3 in ES-2 and A2780 cells were detected using western blotting. All data are representative of ≥ 3 independent experiments. Data are presented as the mean \pm SD. ** $P < 0.01$ vs. control group; *** $P < 0.001$ vs. control group as determined by Student's t-tests. TJP3, tight junction protein 3; OE, overexpressed; NC, negative control.
