

Figure S1. Cellular composition of BALF across groups. (A) Representative images of Giemsa-stained BALF cells from each group (x400 magnification). Red arrows indicate lymphocytes, black arrows indicate macrophages and blue arrows indicate neutrophils. Scale bar, 50 μ m. (B) Total cell count per mouse in BALF under x400 magnification (each group, n=6). (C-E) Percentages of (C) lymphocytes, (D) macrophages and (E) neutrophils in total BALF cells (each group, n=6). **P<0.01, ***P<0.001, ****P<0.0001. BALF, bronchoalveolar lavage fluid.
